TESORI SALES SUPPORT WOUNDED U.S. TROOPS

Los Angeles, California (August 1, 2007) – Tesori Designs, Inc., a Los Angeles based line of stylish furniture for the interior design trade, announced that a portion of their sales will be donated to Homes For Our Troops, a non-profit, non-partisan organization that assists severely injured servicemen and women and their immediate families adapt their homes for handicapped accessibility.

Tesori recently emerged onto the design scene with a growing collection of handcrafted furniture inspired by early 20th century designs that offers the perfect combination of classic and traditional meets clean and modern and has received glowing reviews nationwide.

Tesori's founder and president, Lisa Dunlap, feels a special connection when it comes to supporting our troops. Her son Matthew enlisted in the United States Marine Corps in October 2000, and found himself on the front lines of a very different world than the one we all knew before 9/11. He and his "brothers" served multiple combat tours in Iraq, and experienced some of the worst fighting our troops saw; including being ambushed in Al-Nasiriyah and the battle of Fallujah, where his heroism as a squad leader earned him the Naval & Marine Corps Achievement Medal.

"Thankfully, our son returned home safe, sound and whole, but there are so many others that are not that lucky," explains Lisa. "His experiences, and ours as parents, have brought the plight of the thousands of severely injured servicemen and women close to our hearts." Homes For Our Troops provides building materials and professional labor, and coordinates the process of building new homes or adapting existing homes for handicapped accessibility – all at no cost to our veterans. "Donating a portion of each order to Homes For Our Troops is a natural way for the interior design industry to give back to those that have given so much for us. With Tesori, your purchases improve more than just your client's homes," Lisa added.

Tesori Designs, Inc. is available through trade showrooms across the United States, including: ID Collection, Dallas & Houston; Design West, Inc., Dania; Stephen E. Earls Showrooms, Portland & Seattle; and Ernest Gaspard & Associates, Atlanta.
